**Notice Concerning Property Acquisition**

Nomura Real Estate Master Fund, Inc. (“NMF” or the “Fund”) announced the decision made today by Nomura Real Estate Asset Management Co., Ltd. (the “Asset Management Company”), a licensed investment trust management company retained by the Fund to provide asset management services, that it will acquire the assets (the “Acquisition”) as described below.

**1. Overview of the Acquisition**

No.	Property Name	Use	Type of Specified Asset	(Scheduled) Date of Agreement	(Scheduled) Date of Acquisition	Seller	(Scheduled) Acquisition Price (¥million) (Note 1)
1	NMF Kobe Myodani Building (Note 2)	Retail	Trust beneficiary interest in real estate	November 13, 2018	November 30, 2018	Undisclosed (Note 3)	3,560
2	Serenite Shinsaibashi Grande	Residential	Real estate	November 13, 2018	December 19, 2018	Undisclosed (Note 3)	5,567
Total							9,127

(Note 1) The amount excluding acquisition related costs, property tax, city planning tax, consumption tax and local consumption tax is stated.

(Note 2) The name of the property is scheduled to be changed to “NMF Kobe Myodani Building” from the present name of “Myodani “K” Line Building” after the Fund’s acquisition of the Property.

(Note 3) Undisclosed, since a consent has not been obtained from the seller.

The above two properties are collectively referred to hereinafter as the “the Properties to Be Acquired”. Individual properties are also referred to individually hereinafter as “the Property to Be Acquired”.

**2. Reasons for the Acquisition**

The Fund determined that acquiring the Properties to Be Acquired would help secure stable earnings and

steady growth of the Fund's investment assets over the medium to long term, in line with the asset management objectives and policies specified in the Fund's Articles of Incorporation. As such, the Fund decided to acquire the Properties to Be Acquired.

### 3. Summary of the Assets to Be Acquired

#### (1) NMF Kobe Myodani Building

##### Strengths of the Asset to Be Acquired

- Myodani Station on the Kobe Municipal Subway Seishin-Yamate Line, the station closest to the Property, is an 18-minute ride away from Sannomiya Station, a major hub in Kobe City, and an approx. 39-minute ride (Note 1) from Osaka Station which is in a major office district of the Kinki area. With such convenience for commuting, many family households commuting to central Kobe City and Osaka City live in the area. In addition, Myodani Station has a high potential to attract customers from a wide region as it is host to the large complex retail facility Suma Patio (Daimaru, Daiei, specialty shops, government offices, etc.) and the Property. Furthermore the area has strong demand as a residential district as there are useful facilities such as medical institutions, educational facilities, financial institutions, etc. and the nearby population is trending upwards (Note 2).
- The number of households is 11,000 in the trade area within a 1km radius of the Property and 57,000 within a 3km radius and the market is excellent for a commercial zone.
- The ratio of residential-type use districts is high near the Property and since the development of retail facilities in front of the station is limited, the area has rarity as land for a retail facility within a residential district and so stable tenant shop operations are expected in the future. In addition, stable future revenues are secured as the entire property is leased to a single tenant and a long-term fixed-term lease agreement is concluded.
- The Property's single tenant is a long-established supermarket based in Hyogo Prefecture. It boasts second largest sales among food and beverage retailers in Hyogo Prefecture (Note 3) and has high credibility.
- The Property is located in an excellent location a four-minute walk from Myodani Station where other supermarkets are very eager to open stores. Moreover, Proud City Kobe Myodani (seller: Nomura Real Estate Development Co., Ltd.; 434 units sold) is nearby and demand is strong also as a foundation for condominiums.

(Note 1) Transfer time is not included.

“Total Leased Floor Space” indicates the total floor space leased to end tenants.

(Note 7) Historical Occupancy Rates

The historical occupancy rate is based on the information provided by the seller.

## (2) Serenite Shinsaibashi Grande

### Strengths of the Asset to Be Acquired

- The Property is located an eight-minute walk from Shinsaibashi Station on the Osaka Metro Midosuji Line and Nahagori Tsurumi-Ryokuchi Line and a three-minute walk from Nagahoribashi Station on the Osaka Metro Midosuji Line and Nagahori Tsurumi-Ryokuchi Line, in a location which makes multiple routes available for use and gives direct access to major business and commercial areas such as Umeda, Honmachi and Shin-Osaka.
- The Property is within walking distance from Midosuji and Nagahori-dori Street and is near the department stores, large goods stores and commercial facilities of Shinsaibashisuji-North Shopping Street as well as retail facilities such as CRYSTA Nagahori. On the other hand, hotels, useful facilities and such have been increasing in the area around the Property in recent years and it has a good living environment although it is near a flourishing commercial district.
- The urban location is highly convenient for transportation and living and so stable rental demand is expected in the area surrounding the Property for rental housing primarily from single-person households and DINKs employed in the city center and who prefer to live close to their workplace.
- The Fund anticipates that it will be able to swiftly achieve high occupancy due to the Property's prime location, and by setting the appropriate rental price, taking into account the current rental market.

(Note 1) Location and Other Items

Location (registry), Completion Date, Use, Structure and Area are based on the information in the real estate registry.

(Note 2) Land Area

Includes section of approx. 137.96 m<sup>2</sup> given designation as location for a road under Article 42 Paragraph 1-5 of the Building Standards Act.

(Note 3) Building Coverage Ratio

The Property is located in a commercial district where the building coverage ratio is 80% in principle. As the building is in a fire prevention zone and certified fireproof, however, the applied coverage ratio is 100%.

(Note 4) Property Management Company

Refers to the property management company that is scheduled to be appointed after acquisition.

(Note 5) Upon the acquisition of the Property, the Fund plans to enter into a master lease agreement with HASEKO LIVENET, Inc. Under this agreement, the building of the property will be collectively leased to HASEKO LIVENET, Inc. for the purpose of subleasing. The master lease agreement is a pass-through scheme, in which HASEKO LIVENET, Inc., the master lease company, pays to the Fund the same amount as the total sum of the rent based on the lease agreements that the master lease company concludes with end tenants.

(Note 6) PML (Probable Maximum Loss)

PML shows the probable losses caused by a major earthquake, as a percentage of the expected recovery cost to the replacement cost. PML is calculated based on the statistical assumption that within next 475 years there is a 0.211% annual chance (10% probability of once every 50 years, i.e., average life time of buildings) of major earthquake occurring.

(Note 7) Appraisal NOI

“Appraisal NOI” is the annual NOI (operating income-operating expenses) described in the real estate appraisal report, with November 1, 2018 as the appraisal date.

(Note 8) Leasing Status

“Total Number of Tenants” is listed as one because, as stated above, at the time of the Property’s acquisition the Fund entered into a master lease agreement, under which the building of the Property will be collectively leased for the purpose of subleasing. The master lease company plans to sublease the Property’s units to end tenants.

“Total Rental Income” indicates the amount calculated by the “monthly rent + monthly common area management fee” under the lease agreements with the end tenants to whom the Property is actually leased as of October 31, 2018 multiplied by 12 (rounded down to the nearest million yen). The figure does not include any other incidental rent that may be agreed upon in connection with said lease agreements, such as parking fees, signboard fees and warehouse fees.

“Security Deposits” indicates the amount of security and other deposits specified in the aforementioned lease agreements (truncated at the nearest million yen).

“Total Leased Floor Space” indicates the total floor space leased to end tenants as of October 31, 2018.

(Note 9) Historical Occupancy Rates

There are no applicable occupancy rates for August 2018 and before because the building was not yet completed.

#### 4. Seller Profile

##### (1) NMF Kobe Myodani Building

## 8. Form of Payment, etc.

### (1) Settlement Method

The Fund will complete settlement on the date of acquisition by paying the agreed price for the property in full to the seller using cash on hand.

### (2) Impact on the Financial Standing of the Fund of a Possible Failure to Fulfill Our Forward Commitment

The purchase and sale agreement to be executed in connection with the acquisition of Serenite Shinsaibashi Grande is considered a forward commitment<sup>(Note)</sup> as stipulated in the Financial Services Agency's Comprehensive Guidelines for Supervision of Financial Instruments Business Operators, etc. The said purchase and sale agreement is intended to include the provisions below or provisions similar with such details.

(Note) The forward commitment refers to postdated sale agreements where the conclusion and delivery of the property is scheduled over one month ahead of the contract date, and other similar agreements.

- ① Whenever a seller or buyer is found to be in significant violation of the provisions of the transfer contract (hereinafter such seller or buyer shall be referred to as the "violating party"), the other party may cancel the transfer contract if such violation is not remedied after the passage of a prescribed period following the date of the non-violating party issuance of a notification requiring the violating party to fulfill its obligation or if such violation is deemed impossible to remedy.
- ② If the transfer contract is cancelled in accordance with clause ① above, the seller may require the Fund to pay a penalty charge that is equivalent to 20% of the acquisition price. A non-violating party intending to cancel a contract may not increase or decrease the amount of the penalty charge even if monetary damage it has suffered due to the violation is in excess of or falls short of 20% of the acquisition price.
- ③ When the purchase and sale agreement is to be concluded, if the Fund deems by its discretion that it will not be able to meet the economic conditions that it had anticipated due to changes in the economic environment or other reasons, the Fund may immediately cancel the agreement without the requirement of notification.
- ④ If the purchase and sale agreement is cancelled in accordance with clause ③ above, the seller may require the Fund to pay a penalty charge that is equivalent to 20% of the acquisition price. The amount of the penalty charge may not be increased by the seller even if the monetary damage suffered due to the cancellation is in excess of 20% of the acquisition price or decreased by the Fund if the monetary damage suffered falls short of 20% of the acquisition price.

## 9. Schedule for Acquisition

Discount Rate	4.30%	Assumed based on the yield on investment of similar buildings and the characteristics of the Property.
Terminal Capitalization Rate	4.70%	Assumed based on the yield on investment of similar buildings, the future movement of the yield on investment, risks of the Property as a preferred investment, general forecasts of economic growth rate, and price trends of real estate and rents.
Cost Approach Price	2,350,000,000	
Ratio of Land	85.02%	
Ratio of Building	14.98%	
Matters Noted in Reconciliation of Indicated Value and Determination of Appraisal Value	The Property is located in front of Myodani Station on the Kobe Municipal Subway line, comprising a corner of the station-front commercial area together with Suma Patio, a shopping center directly connected to the station. The potential of the Property's location is high as there is a line of condominiums and detached housing on the outside of the commercial area. Under such locational conditions, the Property has high tenant credibility as it is leased entirely to a single tenant whose sales are in the top class compared to others in the same field in Hyogo Prefecture, and the Property's competitively is at a high level in comparison with similar real estate. In view of the above, the appraisal value was determined with an emphasis on the capitalization approach price, in which the investment value was appropriately reflected.
