## Analysis of the Market

#### **Real Estate Investment Market**

#### Current

- Aggressive forecast of rental increase continues to be priced in (decrease in cap rate at the time of acquisition)
- Originators have continued to hold

#### Future

- Hikes in long-term interest rates will result in gradual bottoming-out of cap rates
- Increase in sales to realize capital gains (moves to sell property at time of implementation of Financial Products Exchange Act or Refinancing)

Continue to focus on movements of interest rate and property owners. At the same time, enhance financing capacities to prepare for change in market conditions

#### Office Leasing Market

#### Current

- Market rent (asked rent) continues to increase, centering on large Tokyo metropolitan area properties
- Increase in rental levels in regional cities are limited to few areas (Osaka, Nagoya)

#### **Future**

- In Tokyo metropolitan area, rent increase will spread to medium-sized properties and surrounding areas
- In regional cities, rents in cities other than Osaka and Nagoya will start to increase

For the time being, emphasis on increasing renewed rents centering on Tokyo metropolitan area.

#### **J-REIT Market**

#### Current

- Market lead by foreign investors
- Investment in asset management companies and large volume holding by foreign capital

#### **Future**

• Incorporation of J-REITs to global real estate markets

Offering strategies and IR activities targeting overseas investors become increasingly important

2. Future Management Policies 5

## **Future Growth Strategies**

#### External Growth: "Utilization of 2% Capital Cost"

- Continue investment in carefully selected premium properties
- Actively acquire development and large-size properties
- Continue "the Premium Capital Increase" along with expansion of asset size
  - Stabilize profit through portfolio expansion
  - Improve BPS

Aim for
"Further Stabilization of Fund Profits"
And
"Steady Growth of EPS"

- Improve portfolio NOI
- Smooth repair expenses

#### Internal Growth: "2% increase in Rental Level"

- Increase in average unit rent (2-3% p.a.)
- Early implementation of large-scale repair works
- Consider fixing rent for large tenants

- Control interest rate expenses
- Maintain / secure financing capacities

#### Financial Strategy: "Preparing for 2% interest rates"

- Maintain stable financial position in preparation for interest rate hikes
- Control interest rate expenses and secure property acquisition capacities through appropriate LTV controls

Below is a message announced jointly with the asset management company at the time of listing on December 4, 2003.

We, at Nomura Real Estate Office Fund Inc., believe that listing of Real Estate Investment Trust (REIT) serves to form a base on which the nation can build their financial resources. The long-term investment capital will contribute to stabilization of not only the real estate market, but also the Japanese economy as a whole.

Many investors wish stable investment more than anything else. Responding to such needs of asset building, we have set our investment policy as being "stable over mid- to long-term".

Wishing to make a contribution to the nation's economic growth in any way, we are determined to continue doing the best of our ability in our function to combine the private financial resources directly with the real estates.

#### AN INVESTOR ORIENTED COMPANY

respecting the trust and expectation of the investors
