In practice, the investment portfolio is subject to potential change.
Operating Revenues	<ul style="list-style-type: none"> The forecast of operating revenues for the fourteenth fiscal period is based upon the operating revenues from 51 properties owned by the Fund as of the end of the thirteenth fiscal period. As for the repair and maintenance, the Asset Management Company (Nomura Real Estate Asset Management Co., Ltd.) estimates the required amounts for the respective properties for each of the fiscal periods based on the medium- and long-term repair plans. However, it is possible that the actual repair expenses for the fiscal periods may differ significantly from the estimates since (i) an unforeseeable event might cause serious damage to a building requiring emergent repair expenditure, (ii) amounts might vary year by year, and (iii) certain types of repair expenses are not required every year. Distribution in Excess of Net Income per Unit	<ul style="list-style-type: none"> The Fund does not currently plan any distribution in excess of net income per unit.
Others	<ul style="list-style-type: none"> The Fund assumes that there will be no amendments in legislation, taxation, Japanese GAAP, listing requirements and Investment Trusts Association regulations, which affect the above forecasts.
