[Notes]

1. The forecasts presented in this document are calculated as of today based on the assumptions as set forth in the Exhibit. The actual operating revenues, current profits, net income and cash distribution per unit may vary due to the acquisition and sale of properties, if any, changes in the real estate market and other factors affecting the Fund. Nomura Office Fund does not guarantee the cash distribution amount identified above.
2. Nomura Office Fund may revise the forecasts if the Fund expects a large variance from the above forecasts.
3. Amounts less than units are rounded off.

2. Reason for Announcement

Nomura Office Fund announces its forecasts of financial results for the current fiscal period (November 1, 2007 to April 30, 2008) at the beginning of the period for the purpose of continuous disclosure of the forecasts. The Fund will update forecasts for the period again at the time of announcement of the results for the eighth fiscal period (May 1, 2007 to October 31, 2007) on December 14, 2007 (planned) after reviewing assumptions listed in the Exhibit.

**Assumptions for Forecasts of Financial Results
for the Fiscal Period Ending April 30, 2008**

Item	Assumptions
Period	<ul style="list-style-type: none"> Ninth fiscal period: November 1, 2007 through April 30, 2008
Investment Portfolio	<ul style="list-style-type: none"> The Fund assumes that the investment portfolio consisting of 34 properties owned by the Fund as of today will remain unchanged up to the end of the ninth fiscal period (April 30, 2008). In practice, the investment portfolio is subject to potential change.
Operating Revenues	<ul style="list-style-type: none"> The forecast of operating revenues for the ninth fiscal period is based upon the operating revenues from 34 properties owned by the Fund as of today.
Operating Expenses	<ul style="list-style-type: none"> In general, the fixed asset taxes and urban planning taxes imposed on the properties in the tax year including the date of transaction are distributed to the seller and the purchaser on a daily pro-rata basis and settled at the time of acquisition, and such taxes are deemed as the acquisition costs but not included in the expenses. Taxes relating to the 33 properties out of 34 properties owned by the Fund as of the end of the eighth fiscal period (October 31, 2007) are calculated as expenses. As for the repair and maintenance, the Asset Management Company (Nomura Real Estate Asset Management Co., Ltd.) estimates the required amounts for the respective properties for each of the fiscal periods based on the medium- and long-term repair plans. However, it is possible that the actual repair expenses for the fiscal periods may differ significantly from the estimates since (i) an unforeseeable event might cause serious damage to a building requiring emergent repair expenditure, (ii) amounts might vary year by year, and (iii) certain types of repair expenses are not required every year. Rental income after deducting the leasing business expenses (including depreciation costs) is estimated at ¥6,690million. Depreciation costs are estimated at ¥1,574million. The operating expenses other than the leasing business expenses (including asset custody fees and general administration fees) are estimated at ¥1,053 million.
Non-Operating Expenses	<ul style="list-style-type: none"> Interest payable is estimated at ¥1,186 million.
Interest-Bearing Debts	<ul style="list-style-type: none"> The amount of the Fund's interest-bearing debts outstanding as of today is ¥95.5 billion of loan and ¥44.5 billion of investment corporation bonds. The Fund assumes that there will be no changes in debt amounts up to the end of the ninth fiscal period (April 30, 2008).
Investment Units	<ul style="list-style-type: none"> The Fund assumes that the number of investment units is 265,903 units outstanding as of today.
Cash Distribution per Unit	<ul style="list-style-type: none"> Cash distribution per unit is calculated according to the Fund's distribution policy outlined in its Articles of Incorporation. Cash distribution per unit may vary due to various factors, including changes in the investment portfolio, changes in rent income caused by the tenant replacements, and unforeseen repairs.
Distribution in Excess of Net Income per Unit	<ul style="list-style-type: none"> The Fund does not currently plan any distribution in excess of net income per unit.
Others	<ul style="list-style-type: none"> The Fund assumes that there will be no amendments in legislation, taxation, Japanese GAAP, listing requirements and Investment Trusts Association regulations, which affect the above forecasts. The Fund assumes that there will be no material changes in general economic conditions and real estate markets.
