# Notice of Acquisition of Real Estate Property in Japan (Impress Musashi-Koganei)

Top REIT, Inc. ("Top REIT") hereby announces that it today decided to acquire real estate in Japan (hereinafter, the "Property"), as described below.

#### 1. Overview of Acquisition

| Type of Title                 | Real estate in Japan                     |
|-------------------------------|--|
| Name of Property              | Impress Musashi-Koganei                  |
| Anticipated Acquisition Price | 1,223,400,000 yen (Note)                 |
| Date of Sales Agreement       | July 29, 2011                            |
| Anticipated Acquisition Date  | August 12, 2011                          |
| Seller                        | Pantheon Real Estate Co., Ltd.           |
| Source of Funding             | Cash on hand (To be scheduled)           |
| Method of Settlement          | Lump-sum payment on the acquisition date |

(Note) The anticipated acquisition price is the price for sale specified in the sales agreement (excluding consumption tax and equivalents) which does not include acquisition expenses, real property tax, city planning tax, etc.

Furthermore, Top REIT plans to execute a trust agreement for real estate management and disposal (hereinafter, the "Trust Agreement"), in which the Property is set as a trust asset, as of the same date after acquiring the Property. The overview of the Trust Agreement is as follows.

| Trustee                 | The Chuo Mitsui Trust and Banking Company, Limited (To be scheduled) |
|-------------------------|--|
| Term of Trust Agreement | August 12, 2011 to August 12, 2021 (To be scheduled)                 |

## 2. Reason for Acquisition

This property is being acquired in accordance with the investment policy of Top REIT as stipulated in its Articles of Incorporation. In making the investment decision on this acquisition, great emphasis was placed on the distance from the nearest station, good access to the central Tokyo, plentiful convenience facilities for daily life, stable tenant needs and excellent building quality and equipped facilities involving the Property. Details are indicated in the following table.

| Features of<br>the Location | <ul> <li>The Property features transport convenience, as it is about a 4 minute walk from Musashi-Koganei Station on the JR Chuo Line, from which it takes only approximately 20 minutes to Shinjuku Station, a major terminal station, by train.</li> <li>The north exit of Musashi-Koganei Station faces an area where Seiyu and other retail facilities are concentrated. In addition, as a result of a redevelopment project completed in around the south exit of the station in 2009, Ito-Yokado and other retail facilities were newly opened and such public facilities as the Civic Interchange Center were established. These offer plentiful convenience facilities for daily life.</li> <li>The Koganei area, in which the Property is located, has multiple college campuses including Tokyo University of Agriculture and Technology, Hosei University and Asia University, allowing anticipation for needs from university-related individuals and needs from office workers commuting to the central Tokyo.</li> </ul> |
|-----------------------------|--|
| Building                    | <ul> <li>The Property can meet a variety of needs, as it offers a residential unit type plan comprising primarily 1K for singles but also 2DK for small families.</li> <li>Completed in June 2008, the property is fairly young, and has strong appeal in terms of building quality and equipped facilities as it is equipped with independent washstands and toilets as well as bathroom dryers for all units.</li> </ul>   |

## 3. Description of the Asset being Acquired

Description of the Property

| Architect       |             | Shinya Architects Co., Ltd.                                     |
| Contractor      |             | Tobishima Corporation   |
| Structural Eng  | gineer      | Tokyo Kochiku Sekkei Office                                     |
| Construction C  | onfirmation | Urban Housing Evaluation Center                                 |
| Total Number of | of Units    | 67 units (66 residential and 1 retail)                          |

| Total Leasable Area           | 2,056.41m <sup>2</sup>   |
|-------------------------------|--|
| Total Leased Units            | 63 units (63 residential and 0 retail) (as the end of June, 2011)  |
| Total Leased Area             | 1,905.97m <sup>2</sup> (as the end of June , 2011)                 |
| Occupancy Rate                | 92.7% (residential: 95.3%, retail: 0%, (as the end of June , 2011) |
| Number of Tenants             | One (Note 2)   |
| Anticipated Acquisition Price | 1,223,400 thousand yen   |
| Appraisal Value               | 1,270,000 thousand yen   |
|                               | (Japan Real Estate Institute; dated July 1, 2011)                  |
|                               | (Please refer to Appendix 1 for an overview of the appraisal.)     |
| PML Value (Earthquake)        | 6.4% (based on the earthquake risk analysis reports dated July     |
|                               | 19, 2011 and issued by Engineering & Risk Service Corporation      |
|                               | and Oyo RMS Corporation)   |
| Collateralized (Y/N)          | No   |
| Property Manager (To be       | Tokyu Community Corporation (Note 2)                               |
| scheduled)                    |  |
| Remarks                       | The boundary assessment for private- and publicly-owned lands      |
|                               | has not been completed for the boundary between the Property       |
|                               | and the urban planning road (Koganei Urban Planning Road           |
|                               | No. 3.4.3) to the north of the Property.                           |

<sup>\*</sup>The address (excluding the residential building address), usage, structure and floors, area (total floor area) and completion date are based on the descriptions in the registry.

- (Note 1) Top REIT plans to acquire the whole compartmentalized ownership of an entire building.
- (Note 2) The trustee and Tokyu Community Corporation plan to execute a master lease and property management agreement as of August 12, 2011. The number of tenants is the figure after the master lease and property management agreement is concluded.
- 4. Overview of the Lease Agreement (overview of the master lease and property management agreement scheduled to be completed)

| Tenant                  | Tokyu Community Corporation                          |
|-------------------------|--|
| Principal Business      | Consigned management, lease, construction and others |
| Type of Lease Agreement | Standard lease agreement                             |
| Term of Lease           | August 12, 2011 to March 31, 2013                    |
| Leased Area             | 2,056.41m <sup>2</sup>                               |
| Total Amount of Annual  | 81,180,000 yen (Note 1)                              |
| Rent                    |  |
| Deposit and Guarantee   | 13,913,000 yen (Note 2)                              |

- (Note 1) The total amount of annual rent is obtained by multiplying the monthly rent based on the lease agreement with the end tenants as of the end of June 2011 by 12. Furthermore, this does not include income from parking lots, etc.
- (Note 2) The deposit and guarantee are based on the description in the lease agreements with end tenants as of the end of June 2011. Furthermore, this does not include income from parking lots, etc.

<sup>\*</sup>Based on the master lease and property management agreement scheduled for conclusion as of August 12, 2011, the trustee will lease the entire Property to Tokyu Community Corporation, which will sublease it to end tenants as the master lease company (i.e. "pass-through" scheme).

## 5. Overview of the Seller

| Net Cash Flow (NCF)                  | 70,181 thousand yen         |  |
| Cap Rate                             | 5.5%                        |  |
| Capitalized Value through Discounted | 1,260,000 thousand yen      |  |
| Cash Flow (DCF) Method               |                             |  |
| Discount Rate                        | 5.3%                        |  |
| Terminal Cap Rate                    | 5.7%                        |  |
| Indicated Value by Cost Approach     | 1,180,000 thousand yen      |  |
| Ratio of Land                        | 43.4%                       |  |
| Ratio of Building                    | 56.6%                       |  |
| Characteristics                      |                             |  |

The property is within 5-minute walk from Musashi-Koganei Station, and features good access to retail facilities and other convenience facilities for daily life. Because of these, it enjoys more favored and better location conditions compared with neighboring areas. Moreover, the property, which was build about three years ago, is a rental condominium primarily for singles and satisfies the level consumers demand for similar properties in terms of building quality and equipped facilities. Thus, the property is reasonably competitive in the market compared with similar rental condominiums in the neighborhood.

## Overview of Engineering Report

| Build  | Building Condition Investigation          |                             |  |  |  |  |

| With respect to the property's land, Top REIT was informed that "it is   |   |                             |  |  |  |  |
| assessed that the investigated site has a low possibility of having soil |   |                             |  |  |  |  |
| contamination."  |   |                             |  |  |  |  |

Overview of Evaluation Report on Earthquake-Resistance Related Items in the Structural Engineering Data

| Investigator          | Tokio Marine & Nichido Risk Consulting Co., Ltd.         |  |  |
|-----------------------|--|--|--|
| Date of Investigation | July 2011  |  |  |
| Investigation Results | Top REIT was informed that "to the extent of this        |  |  |
|                       | evaluation, there is no suspect recognized for           |  |  |
|                       | intentional falsification of structural engineering data |  |  |
|                       | by the architect, and it is judged that the architectur  |  |  |
|                       | design is in principle compliant with the provisions fo  |  |  |
|                       | earthquake resistance in the Building Standard Law,      |  |  |
|                       | the Order for Enforcement of the Building Standard       |  |  |
|                       | Law and other regulations."                              |  |  |

<sup>\*</sup>Short-term repair expenses indicate the sum of emergency repair expenses and expenses for repairs that have to be carried out within one year based on the Engineering Report.

<sup>\*</sup>Long-term repair expenses indicate the average value of the forecasted long-term repair expenses for the 20 years hereafter based on the Engineering Report, with the figure rounded to nearest one thousand yen.

#### Appendix 2 Assumed Income and Expenditure of the Property

| Assumed rental revenue (annual)  | 90,772 thousand yen |
|----------------------------------|---------------------|
| Assumed rental expenses (annual) | 18,186 thousand yen |
| Assumed NOI (annual)             | 72,586 thousand yen |

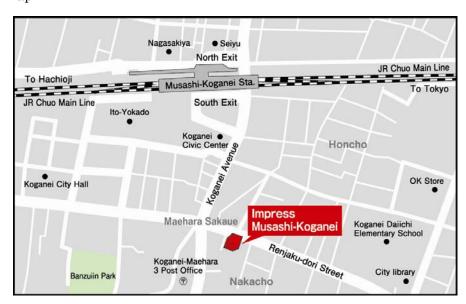

#### Pre-conditions of Assumed Income and Expenditure

For the figures in the above table, the assumed rental revenue and the assumed rental expenses respectively represent the operating revenues and the operating expenses of the Property for the initial year, calculated by the DCF method described in the real estate appraisal report prepared upon the acquisition, and the difference between the two is entered as the assumed NOI. (These figures are not forecast figures for the next fiscal period.)

(Note 1) The (anticipated) acquisition price indicates the transaction price (pre-tax price) described in the real estate sales agreement or the trust beneficiary interest transfer agreement concluded upon acquiring each of the properties, including properties planned for acquisition.

(Note 2) The investment breakdown indicates the ratio of each property and each asset class to the total (anticipated) acquisition price, and is rounded to the first decimal place.
